Movie Wild - cont...

Karen provided me more information on the movie Wild that was filmed at Paulina Lodge. The movie is about a lady who walked the Pacific Trail from San Diego to Washington in 1995 by herself. They used the lodge, store and restaurant, which they made look like Kennedy Meadows in N. California. Todd Brown, Shawn Thomas and Leah Cross will all be in the movie as extras; it is scheduled to be released in June of 2014.
